Principles of Responsible Management Education

	Purpose We advance responsible management education to foster inclusive prosperity in a world of thriving ecosystems.
	Values We place organizational responsibility and accountability to society and the planet at the core of what we do.
	Teach We transform our learning environments by integrating responsible management concepts and practices into our curriculum and pedagogy.
	Research We study people, organizations, institutions, and the state of the world to inspire responsible management and education practice.

	Partner We engage people from business, government, civil society, and academia to advance responsible and accountable management education and practice.
	Practice We adopt responsible and accountable management principles in our own governance and operations.
	Share We share our successes and failures with each other to enable our collective learning and best live our common values and purpose.
